

BROTHERS I NEED YOUR VOTE FOR PRESIDENT!

“Moving Forward in the 21st Century”

Hello fellow Morehouse College Atlanta Alumni,

My name is Torrence Nero, Morehouse College Class of 2014. I served as the Vice President of the Morehouse College Atlanta Alumni Chapter from 2018-2020. As vice president I steered a powerful executive board under the leadership of President Javarro Edwards '92 by establishing a new chapter constitution, streamlined order of business, encouraged financial transparency, increased multi-generational alumni participation, helped current students in financial need, and worked on a progressive strategic plan for the future legacy of the chapter. Being vice president of the chapter has humbled me in being a dynamic leader while learning from the greatest leaders on the planet, “My fellow Morehouse Atlanta Alumni!”.

Brothers, I am asking for your vote for President of the Morehouse College Atlanta Alumni Chapter for 2020-2022. I am a true product of what this chapter's contributions has produced. This chapter made it possible through former chapter presidents and leaders who assisted in my development of “A Man of Morehouse becoming a Morehouse Man” in 2014. It was the brothers in this chapter that aided me through mentorship and financial assistance in my dreams becoming a reality. I have been volunteering for this chapter since 2012 as a student who desired to be mentored by alumni. As president of the chapter, I will continue to enhance on the foundation that Javarro Edwards and I have built for this chapter. With your vote I will communicate, listen, inspire, and lead this chapter toward more improved outcomes for the 21st century. The new dawn of a progressive chapter with an already strong foundation is impactful, and with your vote we can all continue to build upon that foundation together with a shared responsibility toward greatness and legacy. Let us move forward in the 21st century!

Thank you,

Torrence Nero '14, MCAA Chapter Vice President 2018-2020
